

OUR 2020 IMPACT STATEMENT

\$120k

TOTAL GIFTS RECEIVED

\$476k

TOTAL ECONOMIC IMPACT

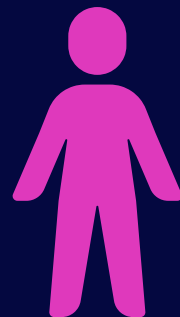

4x

RETURN ON INVESTMENT

We were able to steward your gifts this year to generate an economic impact of nearly half a million dollars. Through services provided to families in crisis and cost avoidance efforts like family preservation and hosting, we turned every dollar into life change.

Children in safe, stable homes

A dozen more children were able to enjoy the security of a healthy family

Families Preserved

Sixteen families were able to stay together through family hosting and community support

Waiting Children in Families

Four children found permanence through adoption into forever families.

In addition, we provided nearly \$15k in PPE to caseworkers and families, we added five new church partners, two agency partners, hosted numerous virtual training events, launched a podcast, and piloted our Ambassador program.

"We will be a voice for the vulnerable until every child knows the stability of a lasting, loving family."
